

### REMARKS

The specification has been amended to include the ATCC deposit information. A receipt from ATCC is attached. Claims 1 and 8 have been amended to state the ATCC accession number. Claim 7 has been amended to correct a typographical error. No new matter is included in these amendments.

Upon reviewing the Examiner's Amendment, Applicant noted that claim 28 appeared to contain a change in the wording from the claim language submitted in Applicant's amendment of July 6, 2004. Claim 28, line 3, recited "one or more transgenes" as presented in the Amendment of July 6, 2004. In the Examiner's Amendment, claim 28, line 3, recited "a transgene." Applicant spoke with the Examiner on September 24, 2004 about this change. The Examiner indicated she intended the change from "one or more transgenes" to "a transgene." Applicant agreed with this change and the Examiner advised that Applicant present claim 28 as written in the Examiner's Amendment and explain the change in the Remarks section of this 312 Amendment.

Applicant respectfully requests entry of the foregoing amendments to the specification and claims.
